PROFESSIONAL SUMMARY

Detail-driven Project Manager with experience managing end-to-end project lifecycles across enterprise and development projects. Skilled at aligning stakeholder expectations with organizational goals while ensuring timely and cost-effective project delivery. Adept in Agile methodologies, resource optimization, and risk mitigation with a hands-on, solution-oriented approach. Recently completed a Project Management Professional (PMP) Course to enhance capabilities in leading high-impact initiatives in dynamic environments.

CORE COMPETENCIES

- Project Planning & Execution
- Agile & Waterfall Methodologies
- Risk & Change Management
- Stakeholder Engagement
- Requirement Gathering & Documentation
- Project Scheduling & Reporting
- Workflow Optimization & Process Mapping
- Performance Monitoring & KPI Tracking
- Collaboration Tools: Jira, Trello, Confluence, Slack
- Microsoft Office Suite (Word, Excel, PowerPoint)

PROFESSIONAL EXPERIENCE

Project Manager

High Impact Careers, UK | Sept - Nov 2022

- Led implementation of partnership workplans, tracking progress and ensuring timely closure of identified gaps.
- Oversaw project lifecycle from scope definition to delivery, coordinating internal resources to meet budgets and deadlines.
- Collaborated with Business Analysts and Product Managers to develop HIC's LMS student profile & record management system.
- Managed changes in project scope, schedule, and costs using formal verification techniques.
- Prepared implementation and financial reports and maintained continuous communication with stakeholders.
- Identified project risks and implemented mitigation plans to maintain project integrity and quality.

Intern (Project Support)

Mercury Engineering & Construction Company Ltd | 2021 - 2022

- Supported project execution activities, scheduling, and documentation.
- Participated in progress tracking, reporting, and team coordination meetings.

EDUCATION

BSc in Physics (Geophysics Option)

Rivers State University, Nigeria | 2022
